Each group also has two armored reconnaissance cars and an armored ammunition truck. Each truck unit of 26 to 30 trucks has a command car. There is a 76.2 mm gun on each truck. Four such groups in all have been observed. They are quartered in part in the restricted area in Zwickau, near the Stalinplatz and Clara Zetkinstrasse. Some of the cars stand in the streets. A train is standing near Weissenborn. It is indicated on the accompanying map by the number I; number II is the camouflaged parking place of two command cars with antennas extended.

2. The Weiden garrison units which last summer took part in exercises at Weissenborn have been withdrawn. Trucks [REDACTED] have been seen at Olsnitz in front of the trade school. The school is occupied by Soviet troops which came from the direction of Dresden.
